VOLUME 98—NUMBER 91

DRY MAJORITY ON NAT. AMENDMENT IS REDUCED TO 45

Official Count Show Gains For Wets in Several Counties.

ONLY TWO COUNTIES HAVE NOT REPORTED OFFICIALLY

Hamilton and Lake Counties Delay Announcement of Final Result.

Columbus, Nov. 10.—Fate of the federal prohibition amendment was made more uncertain today as additional official returns were tabulated at the office of the secretary of state. The official returns from 86 of the 88 counties tabulated at noon gave the drys a lead of only 45 votes in favor of the amendment.

The counties yet to report officially are Hamilton (Cincinnati) and Lake. With the big wet gains of 1909 made in Cuyahoga (Cleveland) county Saturday night, the drys were left with a lead of only 381 at the secretary of state's office this morning.

Mahoning county reporting officially gave the wets a gain of 155 and Mercer gave a wet gain of 201. A re-checking of the official returns from Athens and Ashtabula counties gave the wets a gain of 19 in the former and 53 in the latter. To offset these wet gains, the drys made a gain of 182 in Muskingum county over the official returns and a re-checking of the official returns in Coshocton county gave the drys an additional gain of four. These results left the drys with the bare majority of only 45.

There is said to be a possibility that the corrected official returns from Athens, Ashtabula and Coshocton counties may undergo more changes as the abstracts have to be returned to the election boards for correction. The mistakes found at the secretary of state's office were only ones of addition and differed to the extent noted from the official certified totals. Whether there has been transposition of figures or other errors made in transferring from precinct to general summary sheets, the secretary's office had no way of determining.

TOLEDO CARS ARE TAKEN FROM CITY

Voters Ouster Company Because of Increased Fares and Company Spirits Rolling Stock to Michigan.

Toledo, Nov. 10.—Toledo today entered its second day of non street cars determined to fight to a finish the avowed effort of the Toledo Railways and Light company to effect repeal of the ouster ordinance passed by a vote of the people at the election last Tuesday.

City officials also reiterated their stand of yesterday, that the ordinance would not be repealed, neither will the company be given a franchise.

They are angry because Henry L. Doherty, of New York, head of the concern which controls the local traction company, applied the cars into Michigan before daylight on Sunday morning without notice to the public.

Mayor Cornell Schreiber, who introduced the ouster ordinance in council last June 20, will meet with the non council tonight. It will be the first meeting of that body since the cars ceased running although the mayor has held a conference with his cabinet at which it was decided nothing could be done at present.

A resolution will be introduced tonight looking to the repeal of the ouster. It is understood that the councilmen will vote against repeal. It is pointed out that should it be repealed it would have to be submitted to the voters and law authorities have not yet formed a way in which special election could be held, under the terms of the city charter.

Frank R. Coates, resident president of the traction company, declared today that the cars will be returned to the city when the ouster ordinance is repealed and the company is given a franchise. In this he only repeated the statement made by Mr. Doherty yesterday.

Meanwhile, the car riders who voted to drive the cars off the streets are paying all the way from ten cents to fifty cents, getting to their work this morning in private motor cars.

Under rate of car fare they were riding for six cents with a two cent charge for transfers.

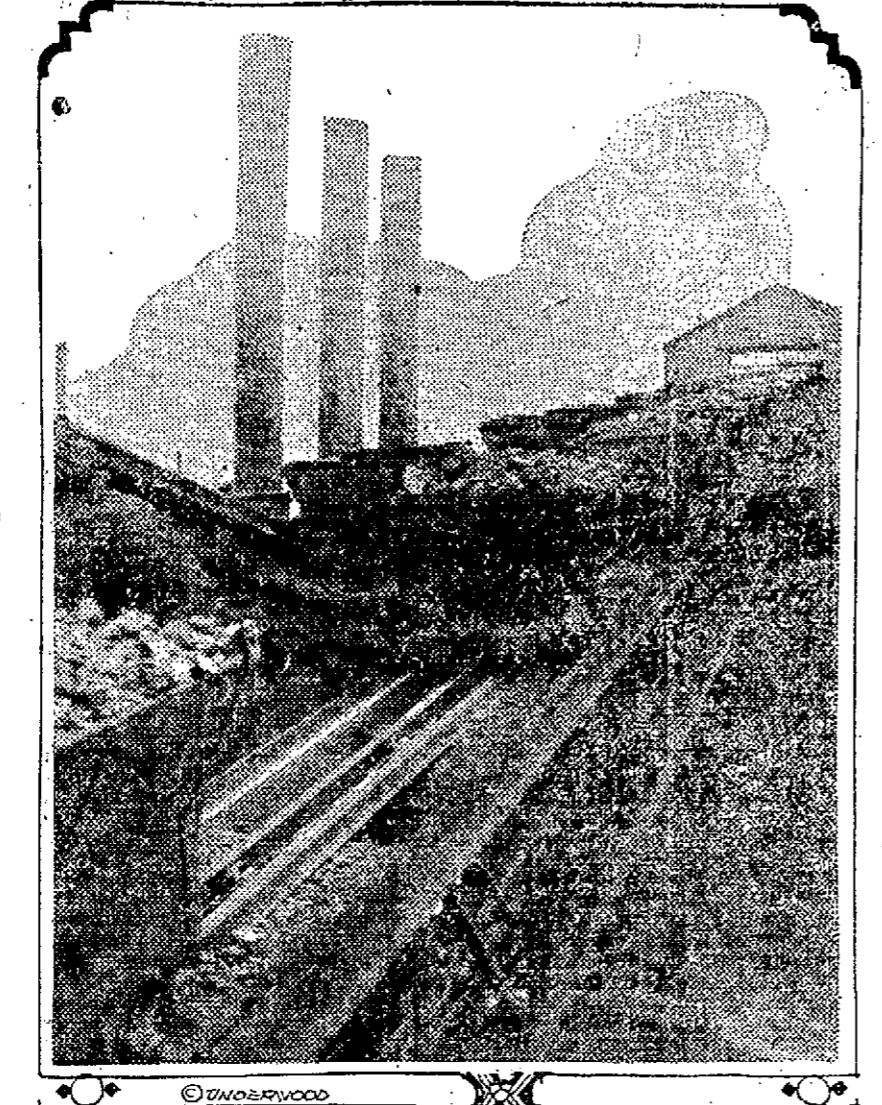

Judge John M. Killits, of the United States district court here, said last night that if any court action is begun to deal with the present situation it can be brought in no other but federal court. He declared that taking the cars into Michigan does not change the jurisdiction of the Toledo federal court.

Every available motor vehicle in the city was pressed into service early today to carry thousands of persons to their work. All workers of the city were dependent on motor transportation.

The Willys-Overland company engaged trucks for all employees living more than a mile from the plant and other manufacturing concerns made the same arrangements. It is reported that the majority of workers reported for duty this morning.

GERMAN ELECTIONS NOT BINDING
Paris, Nov. 10.—The supreme council has decided not to interfere with the German municipal elections now being held in areas where the German municipal elections now being held in areas where plebiscites are to be taken under the peace treaty. It has decided, however, that such elections will be in no way binding upon the allies which will disregard them when the final settlement of affairs in the districts in question is effected.

ESCAPES DEATH WHEN ENRAGED BULL TOSSES HIM OVER FENCE; ARM BROKEN

J. C. Stevenson, Farmer Has Thrilling Experience on Farm West of Newark—Animal's Horns Lacerate Man's Body—He Will Recover.

Gored, rolled and tossed by an enraged young bull, J. C. Stevenson faced death until the bull had him on his horns the second time and tossed him over a fence, saving his life.

The bull had escaped from his pasture on the Stevenson farm, near the four mile locks on the Hebron road, and got into a cornfield when Stevenson went to drive it out. He turned it down the lane towards its pasture and when half way there the bull suddenly turned and attacked Stevenson, knocking him down. It then pained and rolled him over on his back and when the helpless man fell he was partially stunned and realized that he was probably would be killed as there was no one near to assist him.

The enraged animal again attacked the helpless man and rolled him over the fence. He then gored him and tossed him upon his horns tossed Stevenson in the air and fortunately for him the bull had him on his horns the second time and tossed him over a fence and the bull, after pawing and bellowing and standing guard for some time, wandered away. Mrs. Stevenson found her husband later and he was able to walk to the house, with her assistance.

Drs. Lewis A. Mitchell and Homer J. Davis were called and it was found that Stevenson's left arm was broken, that a number of gashes were cut into his body by the animal's horns which required a number of stitches to close and that he was badly bruised all over the body. The trouble with the bull occurred several days ago but this morning the injured man was reported as resting fairly well and his physicians believe that he is out of danger and that he will recover.

HINT OF PEACE STIRS ENGLISH

Lloyd George Starts Something When He Suggests That Russ Reds May Be Consulted.

London, Nov. 10.—Great Britain has no intention of opening peace negotiations with Lenin and Trotsky until the house of commons has had an opportunity to discuss the subject. Mr. Bonar Law, the government leader, declared in the house of commons today.

London, Nov. 10.—Premier Lloyd George's hint in his Guild Hall speech Saturday night of an attempt to negotiate peace with the Bolsheviks in Russia has created a stir. The anti-Bolshevik press is indignant over the suggestion.

The Daily Mail scolds the idea as "shaking hands with a murderer" and generally denounces the suggestion, which it says, caused great amazement in political circles. The Telegraph and the Morning Post are also hostile to the proposal.

Referring to the passage of the speech dealing with the possibility of peace with Russia, the Chronicle, special champion of the premier, declares it is "not free from obscurity."

"The Daily News, which is antagonistic to the premier and strongly in favor of making peace with the Bolsheviks, accuses Mr. Lloyd George of inconsistency and insincerity in all his dealings with Russia."

The newspaper contends the terms which the Soviet government is known to be willing to accept are essentially reasonable. It declares a sincere attempt at peace ought to be successful though "if the Bolsheviks meet with military successes they may be tempted to put the price of peace higher than they are putting it today."

TURK SEEKS ALLIANCE WITH RUSSIAN REDS

London, Nov. 10.—Mustapha Kemal Pasha, head of the nationalist Turkish government set up in Asia Minor, has proposed an alliance with Nikolai Lenin, Russian Bolshevik premier, according to an Exchange telegraph dispatch from Copenhagen. An army of 3,000 Turks to attack the nationalist forces the government says, has been organized by General Ahmed Bey at Belukessen.

CREW LEAVES VESSEL TO SINK IN OCEAN

New York, Nov. 10.—The shipping board of steamship Polar Land, reported yesterday from Halifax, has abandoned 75 miles off Cape Breton, has sunk and another ship that responded to the wireless calls for help is endeavoring to rescue the crew from the life boats, according to a wireless message received by the agents here today. The rescue ship is presumed to be the British steamer Kanawha.

The Polar Land was operated by the West India Steamship company.

CANT FIND CREW.

Halifax, Nov. 10.—The steamer Kanawha has found no trace of the crew of the Polar Land after four hours search in the vicinity of the lost ship's position reported before she went down, according to a wireless message from the Kanawha today.

HEALTH BOARD IS ASKED TO QUIT

Mayor Requests Resignation of Health Officer Knauss and Members of Board to Comply With Law.

Mayor H. A. Atherton is in Columbus today on business and will probably call at the office of the state board of health to learn further particulars of the status of Newark regarding the state's new system of public health administration effective January 1, 1920.

Mayor Atherton stated this morning before leaving for Columbus that he had asked for the resignation of the members of the city health board and also that of the health officer, but that they had not been forthcoming, and that he would now let the state name the officials of the new system after applicants had taken a civil service examination for same.

Newark has been placed in class three and the health commissioner will receive a salary of between \$3,000 and \$3,500. The applicant for commission must have served a certain length of time in the army and also must have a certain knowledge and length of service in sanitation work.

The civil service commission has named an examining board which will pass upon the qualifications of applicants for offices on both the city and county health boards. In the county board and a health officer will represent them. The date of the examination has not been named but applications must be in by November 15.

MINERS' HEADS HOLDING SECRET MEETING TODAY

No Intimation Given As To What Decision of Officials Will Be.

GENERAL COMMITTEE TAKES UP FEDERAL COURT ORDER

Have Until 6 O'Clock To Re-scind Order For Coal Strike.

Indianapolis, Nov. 10.—The general committee of the United Mine Workers which met here today to take action on the mandatory injunction of Federal Judge A. E. Anderson, demanding that the strike order be rescinded before 6 p.m. tomorrow was still in session at 1 o'clock this afternoon and no intimation of that action of the committee would be given out.

The meeting place of the committee which includes international officers, district presidents and members of the executive board and scale committee representing 425,000 striking bituminous coal miners, was kept secret until just a few minutes before the conference convened. A sergeant at arms was stationed at the entrance to the hall and only delegates were permitted to approach within 50 feet of the entrance.

All the members of the general committee of the mine workers including international officers, district presidents and members of the executive board and scale committee were present, it was said, when the conference assembled in the Lincoln hotel shortly before 11 o'clock.

Several members of the general committee arrived last night and early this morning but would not comment on the strike situation. The majority of the miners' officials seemed to take their cue from the statement issued last night by John L. Lewis, acting president of the mine workers in which he said:

"Statements to the effect that I shall or shall not comply with the mandatory proceedings of the injunction writ are unauthorized and premature. While it was believed in some circles that an order rescinding the strike call issued October 15 would be approved by the miners' committee and sent on its way to the coal fields before 6 p.m. tomorrow, the time limit set by Judge Anderson, its reception by the coal diggers was regarded as problematical. In some districts," it was asserted, "there was no question but that the miners would return to work immediately on receipt of the word from headquarters calling off the strike, but in others the action of the men was considered doubtful."

Reports from the various coal fields since the strike was called indicate that (Continued on Page 2, Col. 2)

SENATE TAKES UP RESERVATION ON ART. X OF TREATY

Seek Means To Hasten Final Action On Peace Measure.

WANT RECESS BEFORE REGULAR SESSION OPENS

Article Taken Up Today Is Opposed By President Wilson.

Washington, Nov. 10.—With apparently little change in the program of procedure developed over the week-end, despite increasing pressure from members who desire early final action so they might have a recess before the regular session of congress begins in three weeks, opposing factions in the peace treaty ratification fight lined up today for a continuation of the struggle over reservations. Today's contest revolved around the reservation relating to Article 10 of the League of Nations covenant which was recommended by the foreign relations committee and which the administration senators desire most of all to defeat.

The only step discussed today that might hasten consideration of the treaty was the possibility that Republican leaders might propose closer detail to protracted debate. In this plan they were said to be supported by a number of Democrats.

Except for transposition of one phrase, the reservation to Article 10 is the same as that which President Wilson declared during his western trip he would regard as a rejection of the treaty. Its text follows:

"The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversies between nations, whether members of the league or not, under the provisions of Article 10, or to play the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress which, under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States shall be by act or joint resolution so provided."

Numerous amendments had been prepared by senators who wanted to make the provision more drastic and considerable debate was expected but leaders of the final roll call before adjournment tonight.

NATION-WIDE HUNT FOR RIPE OLIVES IS UNDER WAY, FOLLOWING POISONING CASES

Destroying stocks of ripe olives at Detroit.

Following the recent tragedy at Grosse Point, Mich., when five persons died as the result of eating ripe olives, and other similar tragedies, agents of the department of agriculture are scouring the country for ripe olives destroying all of one brand and examining others. In the Detroit district alone approximately 10,000 cans and bottles were found and destroyed. The photo shows a wagon load of them being thrown on the dump.

CHECK WORKER GETS \$86 FROM NEWARK MAN; SECOND EFFORT FAILS

Gets Geo. T. Stream's Personal Check For That Amount When He Presents Another For \$175—Smaller Check Is Cashed When Stream Said It Was All Right.

A smooth check worker visited the city Saturday and as a consequence Geo. T. Stream, the bicycle and motorcycle dealer, is \$86 looser. The stranger called at the Stream place and purchased a bicycle "for his little boy," he stated. He presented a check signed by Edward H. Miller which called for \$137. Stream gave him his personal check for the difference and as it was after banking hours told him that he could have it cashed at some store.

The stranger took the Stream check to Erman's drug store and asked that it be cashed and Erman, before cashing it, called up Stream and asked if he had given the check and if it would be all right to cash it. He was informed that it was O. K. and to go ahead and cash it. He did so but will be recompensed as it was Stream's own personal check and he was authorized to cash it for the stranger by Stream.

The fellow next called at Willey's store in the Robinson building, where

he purchased two tires and presented a check for \$174. He was requested to leave the tires and check at the office until Monday morning when the check would be cashed and the difference paid him. He replied that the arrangement was perfectly satisfactory and left.

The check worker next called at the Wolf accessories store in Hudson avenue and purchased a tire, stating that he would be back again at 9 o'clock in the evening for a second tire and he would leave the first one until that time as the proprietor was busy and could not attend to his wants at that time.

In the meantime word had been received at the Stream station that a check worker was operating and, Chief James Sheridan and Captain Hager sent two men to the Wolf store to arrest him when he called at 9 o'clock and ask for the proprietor to get him to cash a check in payment. The stranger never called and has undoubtedly left for other parts to hunt up new victims.

BURNING OIL FLOWS THROUGH CITY STREETS

Wichita Falls, Texas, Nov. 10.—Searchers for bodies today delved further into the ruins of a spectacular fire at Vaggoner City, a small oil town near here, which yesterday suffered property loss estimated at \$1,000,000 when lightning exploded 35 1600-barrel tanks of oil and a stream of the burning fluid poured down the main streets setting fire to everything with which it came into contact.

About 50 business buildings and residences were destroyed and hundreds who were living in tents lost their places of shelter in addition to personal belongings.

CLOUD OF STEAM BURNS BRAKEMAN

Explosion In Firebox Causes Injury To Two B. & O. Trainmen Sunday Morning Near Outville.

Fred Dunlop, B. & O. brakeman, and J. C. Gibbons, fireman, were scalded Sunday morning when an explosion in the fire box of extra engine 2269 occurred near Outville.

The engine, east bound, was pulling a freight train. After passing Outville station something went wrong with the fire box. The scalding steam from the boiler enveloped Dunlop, who was the more seriously injured, and Gibbons.

Engineer A. H. Thompson escaped injury. The men were brought to the City hospital here. Dunlop has a dislocated shoulder, his right hand and arm are badly scalded as are his back and entire right side below the knee on the right leg. He also suffered a severe bruise on the head.

Gibbons is bruised and was scalded about the ankles. While the injuries are painful they are not thought to be serious.

BERLIN POLICE ARREST REDS.

Berlin, Sunday, Nov. 9.—Communist headquarters were raided by the authorities today, the troops seizing literature and maps showing division of Berlin into 18 communist districts.

250 ALIENS HELD FOR DEPORTATION

Government Campaign Against Reds Continues While Plans To Deport Radicals Are Pushed.

Washington, Nov. 10.—The campaign designed to rid the country of aliens preying for a forcible overthrow of the government was continued today by the department of justice, arrests being made in New York, Detroit and elsewhere.

While the first raids Friday and Saturday were aimed particularly at leaders of the Union of Russian Workers, others have been caught in the general dragnet thrown out after two months of investigation.

Attorney General Palmer announced today that 42 additional aliens had been held for deportation, making a total of 250 since the raids started. Immediate steps towards the deportation of these persons as undesirable will be taken he added.

A summary of the number held for deportation by cities follows:

Newark, N. J., 31; Baltimore 10; Cleveland 17; Buffalo 14; Hartford, Conn., 25; Chicago 9; Detroit 40; Akron 32; Monessen, Pennsylvania 20; Bentleyville, Penna., 1; Universal, Penna., 4; Philadelphia 16; Trenton, N. J., 1; and New York City 39.

U. S. AGENTS CONTINUE SEARCH FOR RADICALS

New York, Nov. 10.—Government agents, assisted by state and city authorities, today continued to spread nets about all corners of the great city in the hope of trapping 7,500 members of the communist party, who face charges of criminal anarchy and sedition. Arrests are expected to continue for weeks and many of those who have been released after being questioned may be re-arrested.

State and police officials began a systematic reading of the 25-ton of "red" literature seized in raids on 71 branch quarters of the communist organization. Thirty-seven of the 1,000 persons arrested Saturday night and early Sunday had membership cards of the Communist party in their possession, the police say. Search is being made for the complete membership rolls.

WILL NOT RECALL STRIKE ORDER IS CAPITAL OPINION

Labor Leaders Believe Mine Union Heads Will Allow It To Stand.

DOUBT AUTHORITY OF LEWIS TO CALL OFF COAL STRIKE

Labor Heads Refuse to Amplify Statement Issued Sunday Night.

Washington, Nov. 10.—Labor leaders predicted today that international officers of the United Mine Workers of America, meeting at Indianapolis, would not call off the coal strike as directed by federal Judge Anderson what ever the legal consequences might be.

One of the spokesmen for the miners organization said he doubted if Acting President Lewis and his associates had the power, even if they had the inclination, to comply with the mandate.

"The strike was ordered by a delegation convention in the event the operators refused to grant our demands," the spokesman said, "and Lewis merely carried out the instructions in ordering the strike. The convention must call it off."

Frank Morrison, secretary of the American Federation of Labor, would not add anything to the statement issued last night by the executive council supporting the striking miners and demanding that the government withdraw the injunction proceedings.

"That was the statement of the executive council and it speaks for itself," Morrison said. "I am not here to interpret it."

The federation secretary had been asked for a statement in view of the opinion in some quarters that the pact between the organized labor and a notice to the striking miners to stand pat.

"There is nothing to add," Morrison replied. "That question has already been asked a number of times today and if you want an answer you will have to assemble the council."

White House officials refused today to comment on the federation statement. The situation is in the hands of the courts," Secretary Tumulty said today. "This is no time to get cold feet."

Attorney General Palmer and other administration officials refused to comment. (Continued on Page 2, Col. 6)

BLIZZARD RAGES IN MID-WEST

Storm With Snow and Sleet Which Cripples Train Service Is Headed Eastward.

Chicago, Nov. 10.—Sweeping eastward, a severe blizzard is raging today over the Mississippi valley states, crippling telegraph and train service. Western Minnesota, Colorado, North and South Dakota and Nebraska were in the grip of the storm.

Telegraph service between Omaha and Denver was cut off. The blizzard struck Denver after 12 hours of heavy snow fall. Snow, driven by a 25 mile wind, fell throughout western Minnesota and eastern North Dakota. Telephone and telegraph service in South Dakota was demoralized by a heavy sleet storm.

Trains throughout the storm area were from three to five hours late. Although local snowstorms were reported in various sections of the north west, the general blizzard did not develop until late tonight.

Mitchell, Aberdeen, South Dakota; Fargo, Grand Forks and Devils Lake, North Dakota and cities in western Minnesota were in the storm zone at noon.

Most of these cities reported mild weather.

In the Grand Forks district the blizzard was preceded by an electrical rain storm.

Thus far no serious property loss has been reported, but thousands of sheep are believed to be pastured in the regions where the blizzard is raging.

A heavy loss of livestock is feared on the ranges of northern Colorado as the blizzard struck that part of the state without warning and the range is covered with snow. Kansas and Nebraska also reported heavy snow and high winds.

The mercury dropped below zero in several parts of the storm area and the fuel situation at some points is causing anxiety.

ALL VEGETABLES NOT SOLD AT FIRE HOUSES

There are 34 cases of beans and 35 cases of corn at the South End fire department and the first person calling for them will secure the goods. The municipal sale of a car load of vegetables went with a rush, Saturday. Mayor H. A. Atherton has an offer for another car. He is in Co. today and will return with goods on sale at the army commissary. Orders will be placed in this city for goods from the commissary and will include overcoats, sweaters, underwear, linens, boots and shoes, and many other useful articles.

MINERS' HEADS

many union men contend that the general committee of the miners have no authority to rescind the order for the strike, which they assert was decided upon by the regular convention of the miners meeting in Cleveland in September.

In case the recall order should be is-

sued by the miners' general committee and some of the individual members of the union refuse to recognize the order and remained idle any action contemplated by the government could not be learned this morning.

A hint, however, was given during the proceedings in the United States district court here Saturday when Judge Anderson said:

"The Lever act makes it an unlawful conspiracy for two or more persons to arrange to limit the production of coal."

WILLING TO GO TO JAIL WITH OTHER LEADERS

Charleston, W. Va., Nov. 10.—The outcome of the conference of mine union leaders at Indianapolis today to consider the federal court mandates was awaited anxiously by both strikers and operators. Whether the miners would return to work depends upon the action the conference takes.

President C. P. Keeney, district 17, United Mine Workers of America, before leaving for Indianapolis last night to take part in the conference said the miners would not return to work before ordered to do so by their leaders. He said also he would abide by the decision of the majority of the leaders and that if they decided to go to jail and not recall the strike order he would follow in their steps.

STRIKERS ASK LEAVE TO RETURN TO MILLS

Youngstown, Nov. 10.—With about 2,000 more men returning to work, the eighth week of the steel strike opened today amidst numerous clashes between pickets and deserters from the strikers' ranks. Most of the fights took place at a distance from the mills, the pickets going to the homes of men who had announced their intention of returning to work. Joe Gradulich, a picket, who attacked a mill worker at his home was stabbed in the throat and may die.

Committees of workers anxious to return went over the heads of the local strike leaders this morning and took an early train to Pittsburgh to request permission of national headquarters. Operations were increased in all of the mills.

LABOR BRANDS ORDER AS AUTOCRATIC ACTION

Washington, Nov. 10.—The American Federation of Labor stood today before the country as an unqualified endorser of the strike of soft coal miners and so bitterly opposed to the action of the government in attempting to end the strike through injunction proceedings which action is characterized as so autocratic as to "stagger the human mind."

Endorsement of the strike was announced last night in a statement issued by the executive council of the federation which pledged to the strikers the full support of organized labor and appealed to the citizenship of the country to give like "endorsement and aid to the men engaged in this momentous struggle."

After going into the history of events leading up to the strike and since the statement declared the course of the government in securing a court order at Indianapolis Saturday directing officials of the miners' organization to call off the strike by tomorrow night, an invasion of the rights of the miners and demanded the withdrawal of the injunction. Use of the Lever act under which the court proceedings were granted was severely condemned as an injustice to all liberty loving Americans. After declaring that "all facts in the case the miners strike is justified; we endorse it; we are convinced of the justice of the miners' cause," the statement concluded with the appeal to all citizens to support the strikers and promised support of organized labor.

BOY SCOUTS TO CELEBRATE TUES.

Armistice Day Will Be Observed By Big Inter-City Field Meet For Loving Cup.

Newark one year ago today was delirious in its celebration of the signing of the armistice. The day was glorious, though the date this year falls on Tuesday. No celebration of the event has been planned here this year except the field meet of the Boy Scouts, which will be put on at White athletic field tomorrow.

An invitation to the public to witness the events on the program has been extended by Scout Executive K. L. Brown in a signed statement issued today.

Newark Boy Scouts have been preparing for this event for weeks and their energies will be confined to an effort to keep the silver loving cup, offered as a prize, from going to the Zanesville troop which will participate in the event. Brown's statement follows:

"The Newark Council Boy Scouts of America has arranged to celebrate armistice day with a field meet, to be held between the boys of the different troops of Newark and several troops from Zanesville at White athletic field at 2 p. m. Tuesday. This is the only celebration of armistice day that has been announced in Newark and the public is cordially invited to come out to White athletic field and witness this event."

"The main prize is a large silver loving cup presented by George J. Penberg. This cup will be presented to the troop scoring the largest number of points, and is to be competed for at stated periods until one troop has won the cup three times, when it will remain its property."

Now come out and see what these boys are getting in Scouting and celebrate armistice day. Remember the time and place. White Athletic Field, 2 p. m. Tuesday.

419 EGGS FROM 20 HENS IN 30 DAYS

Mr. Dougherty Got This Result in October. Plan is Easily Tried.

"I tried Don Sung and the results were far just as my expectations. I got 419 eggs in 30 days from 20 hens while moulting. I think this is wonderful, as they hardly laid at all before while moulting." Frank Dougherty, 6940 E. 11th St., Indianapolis.

Mr. Dougherty bought \$1 worth of Don Sung tablets in October and wrote the above letter in November. Figure his profit on 25 dozen eggs from hens that formerly laid little or nothing.

This may sound too good to be true, but it costs nothing to find out. We'll make you the same offer we made him. Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter what the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail to Dr. Donnell-Duggar Co., 284 Columbia Bldg., Indianapolis, Ind.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

Mrs. JOSEPHINE KIMBLE, 985 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

**This Antiseptic
Candy Purifies
the System**

Every one takes particular pains to see that the germs which accumulate in the mouth and on the teeth are driven out by the use of mouth washes and tooth pastes which are known to have an antiseptic value.

It is just as important that the germs which enter the system with the food we eat be driven out by an internal antiseptic. Partola Candy is the only antiseptic peppermint candy laxative which purifies the system by cleaning the liver and intestines of accumulated impurities and poisons, causing all the digestive organs to function in a natural and normal manner, carrying the blood through a second internal antiseptic to prevent the breeding of disease germs in the intestinal tract. Partola Candy is the Doctor in Candy Form—are delicious palatable little tablets of peppermint candy without the slightest "medicine taste." They are soothing and mild yet thorough in their action. Young and old alike favor them and they should be in every home. There is only one Partola—don't accept substitutes or imitations. Get a package of Partola candy from your druggist today. AUDITORIUM

"The Heart of Wetona." A Select Picture's production, comes to the Auditorium today. Norma Talmadge will be seen in the role of an Indian girl. She is presented by Joseph M. Schenck.

The Comanche Indians, despite the years of training and instruction given them by the United States, still cling to some of their ancient rites. Quannah, chief of the tribe, is making arrangements for a Corn Dance. He says that a vestal virgin must be chosen to bring sacred food to the Holy Man at the dance. Wetona, daughter of Quannah, is chosen as the vestal virgin. Wetona's mother was a white woman and Wetona has been brought up as an American girl. She says she is not worthy of bringing food to the Holy Man, that it would be a sacrilege to the Great Spirit.

Her father is suddenly awakened to the fact that his daughter is not the pure and virtuous girl he thought she was. Quannah demands to know the name of her lover. She refuses to tell him. All she will tell him is that he is a white man. The Indians headed by Quannah decide to seek vengeance.

"She Walked In Her Sleep."

A. S. Stern & Company, in association with George Broadhurst, will present the lively, merry and successful farce, "She Walked In Her Sleep" at the Auditorium Tuesday evening. The play comes from the pen of Mark Swan, who will be remembered for his big success of last season, "Parlor, Bedroom and Bath."

ARTHUR AYLESWORTH
With "She Walked In Her Sleep," at
Auditorium Nov. 11

The story of "She Walked In Her Sleep" has to do with the adventures and complications of a fair, but flimsy, apparelled somnambulist, who somnambules around clad in a large picture hat and a silk night robe, on the narrow ledge of a wall of a New York apartment hotel, 15 stories above the street level. She also climbs into rooms at will, taking the portable belongings of the occupants and all the while ignoring the startled exclamations of those with whom she comes in contact.

During one of these nocturnal expeditions she walks away with a priceless vial of explosives from the apartment occupied by a young married man to whom it has been sent for analysis. Her next wandering includes the invasion of an apartment occupied by a young married man who has recently quarreled with his wife. While gently trying to persuade the pretty sleeper to go away, the young man's mother-in-law enters. As good luck would have it, this mother-in-law, quite unlike the usual stage relative, is practical, resourceful, helpful woman. She is doing her best to help the young man out of his dilemma when his wife arrives a few seconds after his sleepwalking visitor has departed, leaving her hat in the room to be found by the wife.

"She Walked In Her Sleep" will be seen here with the original New York cast and production and includes such well known players as Arthur Aylesworth, Eva Williams, Joseph Crehan, Thos. V. Emory, Jack W. Lewis, Walter Walker, George Howard, Leah Winslow, Ruth Hammond, Alvinette Rochte, and Rose Wilson. Seats now on sale.

Daring Hearts.

Alsace, the beautiful province which has provided material for an indefinite wealth of literature, is the locale for most of the scenes in Vitaphone's new picture, "Daring Hearts," which will be shown at Auditorium theater on Thursday, Friday and Saturday. When executives of Vitaphone undertook preparation for this picture they discovered that Alsace had been almost entirely ignored by all previous films.

Albert E. Smith, president of the Vitaphone, and Cyrus Townsend Brady, who collaborated in writing the scenario, were able to find unlimited material based on fact to support their romance of old Alsace.

The result was a motion picture that repays the neglect Alsace has suffered at the hands of the film industry. It presents the real story of the "Lost Province."

Fiddlers Three.

Miss Tracie, Belge, the "Singing Star of Belgium," whose voice has made made friends with millions of war sufferers in her own country and England, Canada and the United States, is the prima donna of "Fiddlers Three," comedy.

ing to the Auditorium one performance,
Tuesday, Nov. 18th.
Originally produced in the Cort The-
ater, New York, "Fiddlers Three"
proved one of the most unique musical

plays of late years. Introducing Miss Belge to the American stage in a musical comedy seemed to certain of the higher browed musical brethren, a ridiculous waste of an exquisite art, but the first night verdict of the "Cognoscenti" proved that even a grand opera voice may not be out of place in comic opera if the composer of the opera is a master of the orchestra. The success of Tracie Belge in "Fiddlers Three" is now Broadway history.

The Smarter Set.
No colored organization has created such enthusiasm during the past few seasons as has "The Smarter Set," better known as "The Smart Set," and headed by the foremost comedians Sam Tatt Whitney and J. Homer Tutt, who are this season offering an entirely new and originally musical comedy entitled "The Children of the Sun" and adapted from the historical work by Geo. Wells Marker of the same title and which will be the offering at the Auditorium, Nov. 19th.

Checkers.
"Checkers," a big special Fox production taken from the racing melodrama that was a tremendous success on the legitimate stage for many years will be the attraction at the Auditorium theater soon.

great role, wears gowns and is seen to great advantage.

Anselm Kardos, a musician and composer, has a beautiful young daughter, Lily. His wife is a sister addicted to liquor, and Kardos, in disgust, finally leaves her and disappears forever. Before departing he gives Lily "The Song of Songs," which was composed as an ode to perfect love and warns her against her temperamental, inherited from an artistic father.

While in a drunken fury Mrs. Kardos attacks Lily with a knife, and in the struggle the woman accidentally stabs herself and dies. Lily gets a job as a salesgirl for an Oriental store with branches at Palm Beach and Atlantic City, where her unusual beauty commands the admiration of wealthy men but she resists their blandishments. Ex-Senator Calkins, wealthy man-about-town, tries every means to get Lily in his power, and he finally proposes marriage, which she accepts. He insults her in his beautiful country home, which is adjacent to Richard Laird's, whom she has met before, and their friendship is revived. Calkins, in revenge she makes a midnight appointment with Laird, impersonating Lily over the telephone, and then tips off Calkins that his wife is untrue to him. Laird keeps the appointment, entering Lily's room through the window, and while the surprised girl is commanding and entreating him to depart, her husband enters and refuses to listen to her protestations of innocence. In a towering rage he drives her away with her supposed lover. In bewilderment, Lily falls an easy prey to Laird, who professes her love for her, but he is only interested in her money. She finally meets Stephen Bennett, a high-minded young man, and the two fall in love. She confesses the story of her life, but he loves her and persists in marrying her.

"Evangeline."
The best loved work of Henry Wadsworth Longfellow, the famous poet, will be shown on the screen when the William Fox big special production, "Evangeline," with John Cooper in the title role, will open at the Alhambra soon.

"Evangeline" the poem achieved instant success not only in America, but all over the world, and within a few months it was translated into every civilized tongue.

"Home."
"Home," the newest Universal Jewel attraction, coming to the Alhambra today, presents a remarkable contrast in the home life of two girls attending a fashionable boarding school. One home is that of a small town plumber and the other the mansion of a wealthy aristocrat.

GRAND.
Mitchell Lewis in "Calibre 38" at the Grand theater yesterday and continuing this afternoon and evening, is a wonderful picture, and hundreds of people expressed their hearty approval of it. The Ivan special feature picture, "Life or Honor," featuring Leah Baird, will be shown Tuesday and Wednesday, together with a splendid comedy, "Thursdays and Fridays" comes the wonderful picture "Let Katy Do It," directed and produced by D. W. Griffith, featuring Jane Grey and Tully Marshall.

LADY SUFFERED
FOR TWO YEARS

Stomach Trouble Never Let Up on Her for One Single Day Till She Found "Dreco," the New Herbal Remedy.

"For two long years I have been a patient sufferer from stomach trouble, constipation and a few other things," declares Mrs. Leavada Thompson, the well known and highly respected lady, who resides at 346 N. 10th St., Newark, O., in a signed statement for publication.

"I have spent many a dollar for medicine and doctor's bills, seeking relief from gastritis, dyspepsia, indigestion, and constipation. My stomach often became so swollen from the gas that it felt like a ripe tied round my body. No matter how careful I was about my food, it was the same; always that sourness, belching choked up feeling. My nerves became all unstrung, and I never knew a good night's rest. Heavy dragging pains in my back, over my kidneys, became almost unbearable. My liver was sluggish, tongue coated; spots danced before my eyes; my limbs ached and my general health was about broken down."

"I am 52 years old and had given up hope of ever being strong and well again, but I am here today, praising Dreco for the grand wonderful results it has given me. I am not like the same sickly, puny woman I was before, but feel good all over. Bowels act regularly; my food digests well, with no more gas or sour belching. The pains are gone from my back and limbs, and my liver is active again. Say anything you want to in the papers about Dreco, for you will not be able to fully express my gratitude to this great remedy."

All good druggists now sell Dreco, and it is highly recommended in Newark by Evans Cut Rate Drug Store.—Adv.

WILL PRICES FALL?

The tendency of the times is reflected in a story told by a Newark man the other day concerning rival shoe dealers in an eastern city. Each carried the same line of standard goods, their stores were similar in character and both had first class locations. One made a window display of shoes marking them \$10 while the other offered the shoes as an "extra special" at \$7.50. The man whose price was higher sold out his stock long before the other fellow.

Hotels that charge from \$5 to \$25 a day were crowded with patrons all summer and the rush at the big city hotels continues—about all a dollar being good for is a tip. All season automobiles have been sold before they were built and the importation of diamonds according to the Youth's Companion has been running at the rate of \$7,000,000 a month.

A traveling salesman came to Newark this week showing a line of men's clothing the very cheapest suit he carried being \$45 wholesale. A silk salesman here recently was indifferent about taking orders for goods at \$7.50 that formerly sold at \$2.

These several incidents indicate prosperity at great degrees but it is at least in part due to the fact that thousands and tens of thousands of people are disposing of their war savings, thus coming into possession of ready-money which finds its way into the channels of extravagance. One man in this community told the writer on Friday that he had bought on the New York market quite recently \$70,000 worth of Liberty bonds at a price close to \$93.

No less an authority than the director of the savings division of the treasury department says that one reason for the high cost of living is that millions of people are spending not only their current earnings but the savings of the past two years. Liberty bond sales on the New York stock exchange alone run almost \$200,000,000 a month. The cashing of government bonds and war savings stamps with its attending extravagance undoubtedly contributes to this.

Government bonds are good things to keep. They are low in price now but they are sure to advance. W. S. S. can never go below par but are constantly growing in value. Why part with these valuable assets unless necessary compels. Hold onto your bonds and war stamps. In doing so you will be keeping in your modest way to stem the on rushing tide of the high cost of living. So long as the public clamors for luxuries and is indifferent to the price that is asked, so long as the people pay exorbitant prices for amusements and pleasures they do not need there is no chance for prices to fall but when the public stops to think and refuses to pay more than a reasonable thing will start down to the level where they belong and not before. Save your savings and while doing it go a step farther—buy W. S. S. now put in an order for some Liberty bonds while they are cheap.

HOLIDAY TRADE.

The time has come for the people of Newark to buy their Christmas gifts. The quicker they get these purchases

out of the way, the better it will be for themselves and everyone else.

The former habit of the American people, in buying an enormous quantity of gift material during the last two weeks before Christmas, and then clogging the mails and express services by this tremendous traffic of holiday stuff, has been foolish, wasteful, unnecessary and inhuman.

It has meant a period of great weariness and exhaustion for postal, express and railroad employees, and for store clerks in establishments catering largely to this trade.

These faithful workers dread this annual time of hurry and worry. Many people get sick annually as the result of the fatigue of this period.

The public subject themselves to inconvenience as the result of this habit, and are annoyed by having to wait to have their business attended to.

Sensible people keep on the watch for Christmas gifts all through the year. Those who have not done so should this day make out a list of the presents they expect to make, and if possible buy them at once. That would leave the last two weeks clear for the large class who have no ready money, and can not anticipate their wants.

The kind and considerate way to dispatch Christmas gifts, is to begin sending them several weeks ahead. "Not to be opened until Christmas."

People who buy now will find better goods, they will get the cream of the stocks, they will not have to take stuff that others have pawed over and selected from. The Buy Early policy works for the convenience of everyone, and all it takes is a little foresight and overcoming of inertia.

THE FALL ELECTIONS.

Local issues have so confused the fall election results that it is not easy to determine the drift of national politics. People of Democratic faith regret to see the great Republican majority in Massachusetts, but they recognize that the Democrats of that state have themselves to blame. They followed policies not at all sanctioned by their brethren in other sections.

It will not escape attention that the Massachusetts Republicans endorsed the League of Nations, and called for its ratification without amendment, while the Massachusetts Democrats manifested hostility to the League. This stubborn and unreasonable attitude won many voters for the Republicans, but in reality it constitutes an endorsement of President Wilson's position.

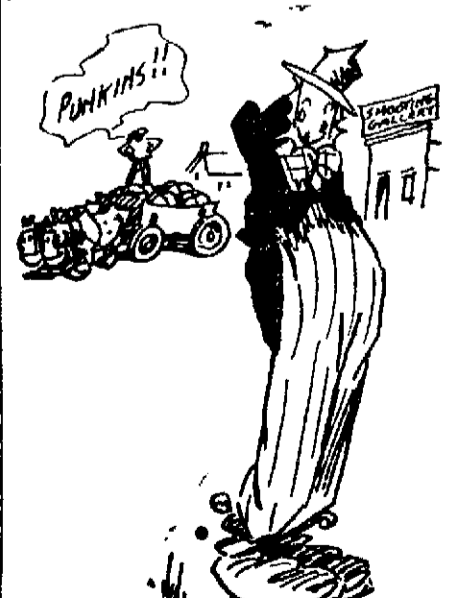

Many thousands of Massachusetts Democrats showed a very independent spirit when they voted to sustain the Republican governor upon the issue of the police strike in the city of Boston. It goes to show that the Democratic party contains a great mass of citizens of high intelligence and pronounced independence, who do not hesitate to condemn their party when it is wrong. Any party that contains such a powerful conscience element is in reality far stronger than one that blindly votes the ticket right or wrong.

It has a tremendous corrective force working within itself, to expel false ideas and cast out wrong leadership. The Democratic party will be infinitely the gainer from this powerful purging process.

The tremendous Republican losses in the state of New Jersey are a sign that the tide does not all run one way. The presidential election of 1920 is still any man's fight. The Democratic party will regret that its great leader is so prostrated from overwork that he may not be physically able to assume command again. But there will be some one else to carry on the banner, and stand for the great principles of peace and democracy and industrial brotherhood which Mr. Wilson has promoted.

ELLA WHEELER WILCOX
(Philadelphia Record)
The career of Ella Wheeler Wilcox, who died the other day at her home in Connecticut, affords interesting light upon the making of a literary reputation. Mrs. Wilcox was a voluminous writer of prose and verse, and she enjoyed for many years the admiration of her death, the warm admiration of a vast following. She was an inspiration and a tower of strength and comfort to many who looked upon her as the foremost writer of her time, and an excellent guide, philosopher and friend.

In a friendly eulogy of her The New York Sun remarks:
"It was Ella Wheeler Wilcox's misfortune that she selected the title 'Poems of Passion' for the collection of verses which was destined to win for her early public attention. This title, rather than the matter within the covers on which it was imprinted, attached itself to her name, and was associated with her work in the period of her maturity."

The selection of this title for her early book may have been a mistake, but that it was really a "misfortune" is open to question. The Sun assumes that because of the excellence of some of her poems and the thoughtful character of her prose she might have made a greater reputation for herself upon a higher literary plane but for the early slip. A critical examination of her literary remains, however, will scarcely bear that out. The bulk of her work was of a character so mediocre that it could have brought only by sheer weight, after years of prodding, the recognition which came to her early by virtue of an accident. A Chicago publisher, to whom she submitted her "Poems of Passion," rejected them as "immoral." She showed his letter to some friends in Milwaukee, and as she says in her autobiography, "at the ears of a sensational morning newspaper. The next day it printed a column of comment under the following headlines:

"Too Loud for Chicago"
"The Scarlet City by the Lake Shocked by a Badger Girl, Whose Verse out-Swinburne Swineburn and Out Whitman Whitman."

The verses were really not "passion poems" at all, as reviewers said at the time, they could not have disturbed the morals of a lady bug. Their chief service was to push their author instantly into the limelight, and there she attracted the attention of another sensational newspaper, "the editor was quick to exploit her and to give her at once the large audience it must have taken years to reach otherwise. It is true that the title of 'poems of passion' clinging to her into maturity, and at times the great editor to play up to it mildly, but she soon came to be looked upon as a "moral uplift." So what she afterwards called her "early lack of caution" was a help rather than a hindrance to her in the making of her name.

THE MAGIC OF MEDICINE.
(Youth's Companion)
The yearly, almost daily, advance in medical science is so rapid that no layman can follow it, and even the most progressive physicians are busy in the effort to keep up. New schools arise and before they have time to become old are crowded out by newer. New methods contradict those that were of best repute yesterday and tomorrow themselves become a discredited tradition. Sometimes the patients wish that progress were a little less furious, and it is understood that the wish is shared by many doctors who are not quite so young as they once were.

Yet in new schools as in old the most important element remains the personality of the physician, and we may almost say that it matters less what method is applied than who applies it. The cheerfulness, the sympathy, the appreciation, the comprehension, the insight, the tact of the doctor help much more than his medicine. We all know that those things mean in a sick room. We have all known in our own personal experience, at any rate we have all keen in the experience of others, how a patient gains at the touch of a certain doctor's hand, at the look of his face, at a word from his lips, just a word of plain comfort, without a hint in it of medical science. Even disease that cannot be cured are often made tolerable for the sufferer, and much more for his friends, by a doctor who has a real genius for his profession.

This personal quality counts for so much that reputations are made by it. There are great and most useful physicians today who have only a moderate basis of science and technical skill, but

we still have tea. But what else is he bringing?—Cleveland Plain Dealer.

Did You Know
That flint was the material almost everywhere employed in prehistoric times for edge tools and weapons, prior to the use of metals? Its hardness and the peculiar sharpness of its edges when broken or "flaked" rendered it very important for such purposes to primitive man, and hence the science of prehistoric archaeology has dealt largely with the study of flint implements in their wide distribution, their varied forms and their stages of evolution from rudimentary to more finished types.

who succeed by their instinctive knowledge of the human heart and their love of it. There are others, withering in obscure corners who have profound medical learning and practical ability, but who can do nothing because they cannot win love and confidence.

One of the evils of modern specialization in medicine is that the specialist cannot so well apply those great human qualities, even if he has them. When a man sees fifty patients a day and two thousand a year, the patients cease to be men and women and become mere subjects. He can sometimes help their organs; he can never help them.

The magician in medicine is born, not made. But it seems as if the medical schools, in their zeal for methods and experiments, had altogether overlooked the element of magic, when they might do more to foster and direct it.

900 FLU CASES REPORTED TO HEALTH SERVICE

Washington dispatches state that there were over 900 flu cases reported to the public health last week.

This is an increase over the previous week, and as cold weather draws near authorities are worried.

A recent public health report says: "City officials, state and city boards of health should be prepared in event of an recurrence of the flu."

Even if one recovers from the flu, the after effects are terrible. The only sane thing to do is to prevent the flu. Influenza can be prevented; last year's results prove that. It is important that a good germicide should be used frequently. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has for years been known as the best home germicide), camphor-menthol and pure mineral base. As a prevention for flu, Turpo has been a pronounced success. Snuff a little Turpo up the nostrils several times a day, and the flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo.

The fact that more than nine hundred cases of influenza have been reported to the United States Health Service makes it important that you prepare now. Buy a little Turpo, a jar of Turpo of your druggist now while he has a supply on hand, and use as directed.

If in spite of all precautions influenza develops, go to bed and summon a physician. Influenza is a serious malady, and requires the best medical attention.—Adv.

"MARRIED STRANGERS" STARTS NOV. 17TH.

Frances Duvall's new story "Married Strangers" of compelling interest to men and women alike will appear in this newspaper. The Advocate has just purchased the right of publication which will begin with the issue of November 17th.

A girl, young, independent, impulsive, thrilling with life and romance of war meets a newly-made young officer and marries him after a whirlwind courtship. There is a three-day honeymoon and he sails for France. Sustained by the tonic of patriotism of flying flags and crashing hands and long olive drab columns marching away to face death on the battlefields of France, she loves him unquestionably through his two years' absence. Then he returns, a stranger. Tastes, training habits, the slow steps to understanding over which they had leaped with youthful arrogance rear ugly heads. How they solved their problems and reached the basis on which a real marriage is founded constitute the story.

"Married Strangers" is by the same author who wrote "The Adventures of a Married Flirt."

Watch for the opening chapter on Monday, November 17th. This attractive story will be presented in short installments from day to day beginning next Monday.

Camel Cigarettes

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Camels are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Camels' expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a diamond-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

AIRPLANE HOVERS OVER GRIDIRON

Homecomers Day at Granville Featured By Good Football Game and Reunion of Ex-Students.

(Special to the Advocate.)

Granville, Nov. 10.—Denison homecomers were favored with perfect weather and witnessed a victory of the Big Red team Saturday afternoon over Heidelberg—played on Beaver Field before a record-breaking crowd of rooters on both sides. Enthusiasm ran high and suspense was relieved only in the last quarter when Denison made the first touchdown and kicked goal, leaving the score 7-0. Between halves an airplane hovered over the field, rising and swooping in playful mood, and displaying the word "Denison" on its under-side—a reminder of the enduring interest shown by Colonel E. A. Deeds in every thing pertaining to his Alma Mater.

The Granville War Mothers (The Peace Chapter) will hold a special meeting this evening in the Community rooms at 8:30 o'clock. It is the request of this organization that all Granville men who were in army service wear their uniform on armistice day in recognition of a great event in the world's history.

The Red Cross drive will end Tuesday. There have been many donations. Saturday was tag day—and the girls engaged in that work turned in a splendid addition to the fund. A full report of the local drive will be given in Wednesday's issue.

Mr. and Mrs. Russell Williams (Miss Dorothy McCann) of Dayton, were among the Denison homecomers Saturday.

Among the scores of Denison men who attended the re-union Saturday were Clifford A. Whitely of New York City; Arthur Dean of Cleveland; Tom Dean of Detroit; Ralph Struble of Fredricktown; Howard and Frank Lewis of Toledo; "Bobby" Luse of Sharon, Pa.; Frank Rue of Imlaystown, N. J.; Ralph Leonard of Akron; Arthur Chaffee of Far Rockaway, Long Island; Col. E. A. Deeds of Dayton.

Beta Theta Pi entertained many alumni over the week-end and at the banquet table in Curtis Hall, Saturday evening. Covers were laid for eighty. Sigma Chi, Phi Kappa Phi, and Psi Chi, welcomed nearly two score alumni, young and old, who met around the hospitable board at 6 o'clock Saturday evening. Many left that evening for their homes.

Chorus rehearsals for "The Messiah" are held each Monday evening in Recital hall at 8:30. All who can sing have been invited to participate in this annual presentation of a great work.

The Spencer Bible class will meet this evening in the Baptist church at 7 o'clock.

Mrs. Sophia Carson opened her home this afternoon for the monthly meeting of the Baldwin Bible class.

E. R. ("Bob") Little of Detroit, Mich., a student in Denison the late "Naughts," was a guest of Sigma Chi fraternity Saturday and found time to call on old friends in the village. Mr. Little is president of the E. R. Little company, (inc.) with headquarters at 2033 Dime Bank building, Detroit.

Lowell Johnson, son of Prof. and Mrs. W. H. Johnson, still in Uncle Sam's air service and now located at Dayton, was a week-end visitor and guest of Lambda Chi Alpha fraternity.

Among the Sunday dinner guests at the Cordon restaurant in Broadway were Mr. and Mrs. James Irick of Pleasantville, the home town of Mr. and Mrs. Gordon.

Mr. and Mrs. E. J. Dorsey chartered Joe Wilson's touring car Sunday and attended church at Hog Run, accompanied by Mrs. B. I. Jones and Mrs. Belle G. Wright.

Rev. William S. Abernethy, pastor of the First Baptist church of Kansas City, and chaplain in the American expeditionary forces in France, occupied the pulpit of the Baptist church in Granville, Sunday morning.

A sermon on "The Responsibility of Stewardship." He said that every man and woman in these disturbing times should feel the obligation of service, the necessity of economy.

"This is no time to be talking of a five-day week, or a six-hour day," he says. "But rather of how much work can be turned out in a day or a week. We are not responsible for what we are born with, but we are responsible for what we do with it." Rev. T. F. Chambers presided at the morning and preached at the evening service. The flowers were in memory of Prof. M. Brumbaugh.

Mrs. Arthur Chapin of Joplin, Mo., formerly Miss Edith Shreve of Sheppard college, is the guest of her Kappa Phi sisters, Misses Mayme and Claire Gatch.

The funeral service of Mrs. Theodore Baker was held from the residence Sunday afternoon at 2 o'clock with Rev. Dr. Good of Columbus officiating. Music was furnished by H. M. Jackson of Columbus who sang two solos, and the magnificent floral tributes mutually spoke of the love and esteem in which the deceased was held in the community. Among those from out of town who attended the funeral were Dr. and Mrs. Good of Columbus; Major and Mrs. Cordray and grandson; Miss Edna Riggs, Henry Ashton; Mr. and Mrs. Ely; and Miss Clara; Mrs. Bush Richardson; Mr. Whitten, Mrs. Charles Allen, Mrs. Jessie Smith of Bowling Green; H. M. Jackson of Columbus.

Mrs. Corson of Burlington, Iowa, who has been the guest of Mrs. W. W. Geach, has left for her home.

Virgil Pausch of Los Angeles, Cal., son of Mr. and Mrs. Oscar Pausch, former Newark residents, is visiting at the home of his uncle, T. A. Jones.

WARS ARE STEPS TOWARD NEW ERA

Dr. Stull in Memorial Address to Old Guard Declares Earthly Changes Are Slowly Taking Place.

Company B, Old Guards, attended services yesterday at the First Baptist church, in memory of 27 departed comrades, whose names were read before the sermon. It was a large congregation which welcomed the veterans, and the altar was beautifully decorated with flags, palms and flowers. The pastor's words were unusually instructive and helpful. Dr. C. H. Stull had as his subject "The Transitory and the Eternal," from a verse in Cor. 7th chapter, "The fashion of this world passeth away." Dr. Stull did not seem to be a melancholy topic, and contended that we should not regret we are passing through toward the end. "We need not trouble about a changing world," he said, "if through it all the divine will is done and a better order be attained."

"The material globe is undergoing changes all the time. It has been so from the beginning when God brought order from chaos, and separated the day from the night. The present system, with its stars appearing and then disappearing, this old earth the place of our birth, death, and burial, is passing out; and making way for the new heaven and earth."

"Science estimates the age of the earth as over one hundred million years; and man has been on the globe not less than one hundred thousand years. The world is not passing out in sudden accident, but passing away like our bodies pass, for we get new bodies about every seven years. Youth passes away into the maturity of manhood."

"The great kingdom of righteousness and truth is nearer today than most men realize. The very wars and tumults which so many people deplore are stepping stones to that other order of justice and peace. These veterans of a civil conflict under our flag, preserved in a united accord, and put us as a nation in a position to preserve the world civilization within these last two years. The practical duty now is to relate ourselves to the great Unchanging One so faithfully that amid all the surrounding scenes we shall abide in Him, and do that work in Him, which cannot be forgotten nor pass away."

THE COURTS

Common Pleas Court.

The State of Ohio, ex rel. Theo F. Haines vs. Warren F. Wagner et al., set for hearing Wednesday. A dispute over the location of a line fence.

Josephine Goodin vs. Harlan H. Goodin, an action for alimony. Judgment of dismissal entered.

Laura Roney vs. Clifford M. Roney, decree for divorce granted Mrs. Roney, custody, care and control of minor child; Roney is ordered to pay to Mrs. Roney \$15 per month, until the further order of the court. B. G. Smythe represented the plaintiff.

State of Ohio vs. Rolla Craig, alias Rolla Patterson, and Nannie Craig Patterson, three cases, charging rape etc. Continued on application of defendants on account of absence of material witnesses.

PISO'S

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment is positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

F. H. Delano, 558-C Griffin Square Bldg., Syracuse, N. Y. I can send only one free package to an address.

Chicago Grain Review.
 Chicago, Nov. 10.—Moderate advances in corn resulted today from wet weather likely to interfere with the crop movement. The opening which ranged from a quarter to 3-4 higher, with Dec. 1 1/4 to 1 1/2 and May 1 1/4 to 1 1/2 3/4 were followed by numerous rapid fluctuations within a narrow range.
 Oats paralleled the action of corn. After opening unchanged at 3-4¢ higher, including December 70 3/4 to 71 1/4, the market tended to sag.
 Provisions trade was slow and at first quotations had a downward slant. Subsequently prices turned up owing to firmness in the hog market.

Wall Street.
 New York, Nov. 10.—Influenced mainly by labor developments over the week and selling of securities in very large volume was resumed at the opening of today's stock market session. Industrial of the several groups which figured conspicuously in the recent advance were under especial pressure. Reactions of 2 to almost 10 points accompanied the first 15 minutes of trading in motors and their subsidiaries and steel and allied equipments. Oil and shipping also were heavy and investment rails finally yielded as selling broadened.

Substantial recoveries were made in the first hour, but not before many leaders had materially extended their early losses. Such stocks as Industrial Alcohol, Crucible Steel, General Electric and Transcontinental Oil ran over the general trend soon showing actual gains of 2 to 5 points. Replies among equipments and related shares carried other issues over last week's final prices and induced heavy covering of short contracts. Irregular reaction occurred again prior to the opening of the money market. The initial rate for call loans was 12 per cent despite last Saturday's favorable bank statement.

G. O. P. LEADERS MEET TO TALK OVER PLANS

Chicago, Nov. 10.—Republican national committee members from a dozen states held an informal conference here today for the purpose of discussing plans for the presidential campaign of 1920. The meeting was held at the Hotel Hamilton, and was attended by the following: Chairman Will H. Hays, who presided, and the chief object of the conference was to make preliminary arrangements for the meeting of the full committee next month in Washington when the place for holding the national convention will be chosen. Although no action looking to the selection of the convention city can be taken by the conference, representatives from St. Louis and Chicago were present to urge favorable consideration of their respective cities.

Among others at the conference were A. T. Hart of Kentucky, and Rudolph K. Hynicka of Ohio.

UNFILLED STEEL ORDERS.
New York, Nov. 10.—Unfilled orders
of the United States Steel Corporation
on October 31 were 6,472,688 tons, ac-
cording to the corporation's monthly
statement issued. This is an increase
of 188,020 tons compared with the orders
on September 30.

LAW LIMITS GUESTS.
London, Nov. 30.—Householders in
the United Kingdom are barred from
entertaining their mother-in-law or
other guests longer than four days
by an order from the ministry of food.
This edict which is part of the food
conservation program, limits the stay
of a visitor in a private house to one
month.

POINCARÉ IN ENGLAND.
Dover, England, Nov. 10.—President
Poincaré of France, accompanied by
Madame Poincaré, arrived here today
enroute to London for a four-day visit
with King George and Queen Mary.
They will be entertained at Buckingham
palace.

THIEVES STEAL CLOTHING.
Hamilton, Nov. 10.—The high cost of
men's clothing isn't worrying thieves
who entered the clothing store of Max
Blythe and looted it of 60 overcoats
and 75 suits of clothes. A motor truck
was used. There are no clues.

TWO RUSSIANS ARRESTED.
Youngstown, Nov. 10.—Two more
Russians were arrested by Federal of-
ficers in East Youngstown on charges
on charges of radical activity. Of
the 31 arrested Friday night only three
were released, bringing the total now
held in the county jail up to thirty.

FIND STEAMER LONG BURIED

Dredging Operations in the Mersey
Disclose Remains of Vessel That
Had Been Forgotten.

For some time past the Mersey
docks and harbor board has been con-
ducting dredging operations in the
neighborhood of the Burbo bank, one
of the huge accumulations of sand
which impeded the navigation of the
Mersey entrance, and these have re-
sulted in a "find" of remarkable in-
terest.

It is the remains of a steamer which
have evidently been embedded for
generations. Her date is long ante-
rior to that of iron shipbuilding. Of
sound English oak were her timbers
and framing, to which circumstances
doubtless is due the fact that they
still retain cohesion and shape, and
have so wonderfully resisted the forces
of decay as to supply an abundant
quantity of material for the souvenir
manufacturer. Her beams, in point
of fact, are described as being as
"hard as iron."

The machinery has practically per-
ished, but the engine bed-plates and
the funnel remain, and relics of pot-
tery and other articles are plentiful.
The vessel, cleared of superabundant
sand, is not only visible, but accessible
at low water, and has been visited and
examined by many interested people.

The prevailing opinion is that she
is the William Hinkinson, a paddle
steamer belonging to the City of Dub-
lin company, and trading between Liv-
erpool and the Irish capital, which on
the 12th of January, 1840, was wrecked
on her passage to the Mersey. She
had 120 passengers on board, of whom
95 were rescued by the ship Hudders-
field, and the remainder perished.
Captain Clegg of the Huddersfield
subsequently received handsome pre-
sentations from the citizens of Liver-
pool in recognition of his good work.—

REMAINS OF ROMAN SMELTER

Intensely Interesting Discovery Said
to Have Been Made in the
North of England.

A lady member of the Cumberland
and Westmoreland Antiquarian so-
ciety of England has had the good for-
tune to discover what is believed to be
a Roman bloomery, or ancient smelt-
ing furnace. Her attention was drawn
to the place by the work of moles,
which recently exposed some of the
remains, and again later by the burn-
ing of the whins formerly concealing
the hearth and other features of the
bloomery, near Forest How.

By some exploration with a spade,
she traced the foundations of a large
hearth, twelve yards in diameter, and
a number of heaps of cinders, slag
and ore; and she also turned up spec-
imens of Roman tiles, with pottery,
slag and hematite. The size of the
hearth of the Forest How bloomery
marks it as quite different from the
ordinary north-country medieval iron
furnaces, which run from seven to
nine or ten feet in diameter, for the
one just found is twelve yards across.
This appears to be worth further ex-
ploration and probably money for that
purpose will be found.

Hadn't Seemed to Work.

An oldish man in rusty-brown clothes
and with a rusty-brown beard met up
with a pin. It was shining sharply
bright on a flagging, and he stopped
to pick it up.

He had stiff joints and his fingers
were in that state informally known
as bungly. So he had trouble picking
up the pin.

A young man paused to offer his
services, but the old one refused. He
just grunted and grumbled until at last
victory came his way. Then he
straightened up his rickety joints and
put a hand on his back.

"I'm not as young as I used to be,"
he admitted, as gently as his joints
would allow. "But you know the old
saying:

"See a pin and let it lay, you'll
have bad luck all the day. See a pin
and pick it up and you are sure to have
good luck."

"So I never pass one by."
"And yet he didn't look as lucky as
a man ought to be who had made a
life habit of picking up pins.—Wash-
ington Star.

Flax in the War.

With the restoration of industry on
a peace-time basis, cotton once again,
according to recent authoritative state-
ments, forges ahead of linen in the
world's favor. The exigencies of the
recent conflict raised flax to the po-
sition as leader among fabrics, a rank
which it had held for centuries but had
lost almost simultaneously with the
advent of the cotton gin. With a real-
ization of the importance of cotton in
the making of munitions, there came a
speedy reversion to linen for the more
commonplace usages—waistcoats,
sails for ships, even "wings" for air-
planes having lately consisted of ma-
terial woven from the sun-hued fiber.

But flax has reached the end of its
days of monopoly. King Cotton now
rises to the fore in ordinary pursuits,
and linen once again becomes the
aristocrat in this field of supply.

praying close attention to her words,
"what is that man doing?"
"Er—er—please," teacher, he's

MACKS EFECT

B. & O. SINDAP

Viciously Fought Contest
At Fair Grounds Park
Won By McDaniel Team.
13 to 6.

The rivalry which has existed be-
tween the B. and O. and McDaniel foot-
ball players during the season was
fought out on the field yesterday, the
McDaniels taking the game by a score
of 13 to 6.

The teams were well balanced, and
a rough hard fought game marked the
contest. Players on both sides suf-
fered injuries. George Smith of Colum-
bus, playing with the Macks, was
knocked unconscious and was taken to
the City Hospital by the Baxter am-
bulance. Later he recovered and re-
turned to his home. Walter Rogers,
Newark, suffered a dislocated knee.
Minor knockouts were frequent. Dr.
W. E. Shontz attended the injured
men.

A crowd of about 2,000 people saw
the game. Johnny McCarthy scored
the first touchdown on a perfect 40-
yard pass from Smith. McCarthy ran
20 yards with the ball but failed to kick
goal. Smith started on forward passes,
getting away clean every time.

The B. and O. boys held the Macks
until the fourth quarter, when Captain
Hager plunged through the left tackle
for 50 yards, making a touchdown and
kicking goal. Andy Denison then in-
tercepted a long forward pass from
Smith and ran 30 yards for a touch-
down. He was not successful in at-
tempting to kick goal.

OHIO DEMOCRATS

ARE READY FOR
THE 1920 CAMPAIGN

Columbus, Nov. 8.—Refuting Repub-
lican assertions of a G. O. P. sweep in
Ohio, the Democratic State Executive com-
mittee makes public a telegram he has sent
to the Democratic national chairman. The
message follows:
"We cannot call attention to the
Republican misrepresentation emanat-
ing from Ohio to the effect that the Re-
publican party 'swept the state' in the
recent municipal elections.

Analysis of the vote show
clearly a Democratic victory over the
state. The loss of Columbus and Cleve-
land to the Republicans in no way
changes this for neither had any bear-
ing on national issues, nor does either
indicate any trend toward the G. O. P.

Democratic mayors were elected in
Lima, Canton, Portsmouth Toledo, Steu-
benville, Newark, Findlay, Circleville,
Bucyrus, Urbana, Gallon, Bellefontaine,
Hamilton, St. Marys, Somerset, Mar-
ietta and in scores of other cities and
numberless villages over the state. In
these immense Democratic gains were
registered. The big majority of the
township officers throughout the state
were elected by the Democrats—many
of them being in townships strongly
Republican. In many, many counties
the Democratic gain was tremendous.
This is true even in many places where
the Republican candidates were elected.

Compare this, if you will, with last
fall's returns and it will be ample evi-
dence that Ohio is not only started
back toward the Democratic column
but that it has revived close to the
point where it was when it saved
the situation in 1916 and made possible
a Democratic president for second term.

If the Republican leaders can gain
any hope or satisfaction from the re-
sults in Ohio they are welcome to
them. But the results speak for them-
selves. We are ready in Ohio for the
1920 battle, ready for battle on the
issues presented between Democratic
achievement and high purposes as
against Republican fault finding and in-
action. The heralding of an Ohio G.
O. P. victory in this election was based
upon desire rather than fact and it was
the people of the country to bear it.

DELCO LIGHT AGENT

STRICKEN SUDDENLY

S. E. Sutley, 164 Ninth street, local
sales representative for the Delco Light
company, was operated upon Sunday
morning for appendicitis and died.
He had been in the city for several
years. Mr. E. K. Benington of Colum-
bus, formerly of this city, Sutley
was seized with the attack suddenly
early Sunday. He had been to Zanes-
ville on a business trip with J. J. Mur-
phy of Columbus, distributor for Central
Ohio, and apparently was in good
health when he returned to Newark.
His condition this morning is satisfac-
tory. Munsell said that a new man
would be assigned to the territory.
Sutley was able to take up his work
again. Dr. W. E. Royer is the Newark
physician in charge of the case.

COAL SHORTAGE CLOSES SCHOOLS.

Des Moines, Iowa, Nov. 10.—Des
Moines schools were closed today and
will remain so until the end of the coal
strike. Lack of fuel was the reason.
Several public buildings and business
places will have their doors closed
within 48 hours if coal is not forth-
coming.

WELTON PLANT RESUMES.

Staubenville, Nov. 11.—D. M. Weir,
secretary-treasurer of the Welton Steel
company, with main offices at
Weirton, W. Va., near here, stated to-
day that the Clarksburg, W. Va., plant
of the Welton Steel company resumed
operations in full today. The plant was
idle several weeks; partly resuming two
weeks ago.

You Ought To Select Them
This Week

There are numerous reasons for your doing so. One is—that in addition to our own stock, we will display this week some handsome pieces which our furrier has sent us for this week only.

Then—these are the furs that were selected early in the season—they are lower in price and finer in quality than any duplicates which we will show later on, so

IF YOU ARE THINKING OF FURS
FOR LADIES—MISSES OR CHILDREN

the sooner you get them, the better pleased you'll be. It may be a fur scarf—and one of the many new shapes will give pleasure or it may be a fine, serviceable muff or it may be a fur set.

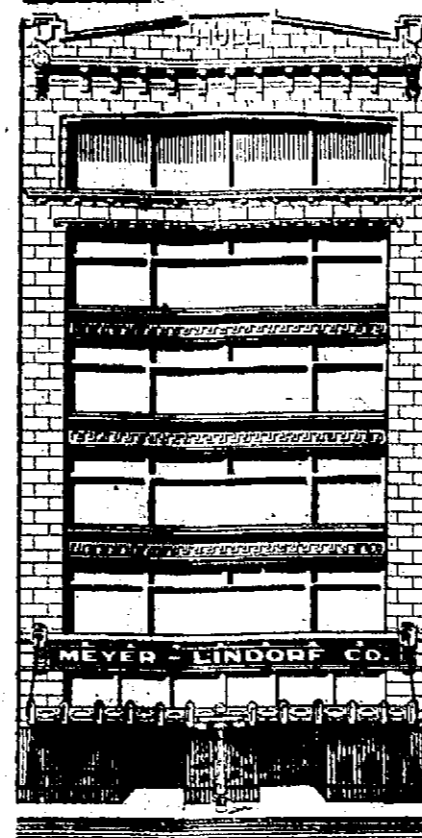

OR IT MAY BE A FUR COAT

Fur coats this season are unusually attractive. All the choice furs are used, many of them show the large collar and cuffs of some other fur.

YOU MAY SELECT FURS NOW
AND HAVE THEM LAID ASIDE

by making a payment down. This will allow you to take advantage of this special showing and make your selection before the choice pieces are all sold.

PROPHECIES ARE
BEING FULFILLED

Seventh Day Adventist Pastor Points Out Scriptural Predictions Which, He Says, Are Coming to Pass

Using a giant image to illustrate the vision recorded in the second chapter of Daniel, J. J. Marietta, the pastor, spoke at the Seventh Day Adventist church Sunday night. His text was from Matthew 6:10, "Thy kingdom come."

"Christians have prayed this prayer since Christ taught His disciples to say 'thy kingdom come,'" said Mr. Marietta. "In faith they have looked forward to the day of His Kingdom, or they have taken the name of the Lord their God in vain. God through the prophet foretold the fall of Babylon, the rise of the Persian kingdom, naming Cyrus a hundred years before his birth, the conquests of Alexander and his Grecian empire, while Rome with mighty rulers took her place in the great drama of nations."

"This empire was to be divided into ten kingdoms and this division took place in the fourth century, and these ten kingdoms, with changed names are found in Europe today. The same God through the same prophet has decreed the destiny of the earth's present governments. Daniel 2:43 says: 'they shall mingle themselves with the seed of men; but they shall not cleave one to another.'"

"King George and the ex-kaizer are first cousins; King George and the late Czar Nicholas were first cousins; the same blood connection united the Czarina and the kaizer, but they did not 'cleave one to another.' Earth's mightiest armies, her greatest diplomats could not hold these nations together in peace and tranquility."

"Today men are planning peace. Andrew Carnegie gave ten million dollars for the promotion of peace, conferences are held; the continuation of earthly governments is planned, but the prophecy says 'in the days of these kings shall the God of heaven set up a kingdom which shall never be destroyed.'"

MT. GILEAD PREPARES
SITE FOR BIG SHAFT

Mr. Gilead is preparing to receive the granite shaft won by Morrow county war saving stamp committee. The shaft has been shipped and the Mt. Gilead council has set aside a space on North Square for the location of the shaft.

They also appropriated money to beautify the site. The shaft was won for the greatest per capita sales in a state-wide contest, in which Newark was the biggest competitor.

KIRKERSVILLE SCHOOLS
PROVIDE NOONDAY LUNCH

The domestic science department of the Kirkersville high school under Miss Bertha Frank has installed a lunch counter in the basement of the school house and is giving the pupils the advantage of a hot noon-day lunch at nearly cost price. The innovation is proving a treat and a success.

Mr. Roger B. Miller, of 529 Goethe St., Detroit, Mich., writes to the Tyrrell Hygienic Institute:

"I have never written you of the benefits I obtained from the 'J. B. L. Cascade.'"

"It has cured me of a very bad case of Constipation and I still use it weekly or when necessary for my own personal benefit."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste. Thousands testify that Constipation, indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

Hudson Avenue Pharmacy, R. L. Williams, Proprietor, 322 Hudson avenue, Corner Oak street, Newark, Ohio, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on internal bathing for 25 years in that city. Clip this out as a reminder to ask for the booklet at your first opportunity.—Adv't.
